

## **NEW PAVILION - All phases funded to completion!**

Edlesborough Parish Council (EPC) is delighted to announce that full funding for the completion of the new pavilion on Edlesborough Green has been achieved. As agreed at last month's EPC meeting, a loan application was made to the Government via the Public Works Loan Board for the remaining £175,000. This will enable the building to be completed and equipped.

Councillors expressed their thanks to Cllr Kevin Cubbage at last week's EPC meeting for developing an excellent application for the funding.

The intention is that this loan will be repaid from future S106 funding, allocated specifically to Leisure and Sports facilities, from two of the three remaining building sites in the Edlesborough Parish Neighbourhood Plan.

EPC looks forward to the completion of the building and full opening in due course, Covid-19 conditions permitting.

EPC continues to work very closely with the Edlesborough Community Sports Club (ECSC) charity who will manage this wonderful new facility. Full details of those eligible for membership will be published shortly by ECSC but certainly all Edlesborough parishioners will have free membership.
