

## Ivinghoe Freight Strategy - Parish Council Update

The Parish Council have just received the below update from Graham Hillary, Transport Strategy Officer, Bucks Council.

Further to the update in September 2021 the Ivinghoe Freight Strategy will be going to the 2nd public consultation opens on 19<sup>th</sup> January 2022.

**The consultation will be accessed online. The consultation will run for 3 weeks ending 19th February 2022.**

The dedicated online web content, which will appear at Your Voice Bucks - Citizen Space when live, will incorporate a simple survey inviting public feedback which will inform future plans for managing HGV use of the defined zone as shown on the attached map.

[Ivinghoe Area Freight Zone Traffic Regulation Order consultation - Your Voice Bucks - Citizen Space](#)

**As previously advised as a result of feedback received from the public, representative bodies and neighbouring local authorities in the initial statutory consultation the proposed zone has been expanded to incorporate the B440 between the junction with the A505 and the Travellers Rest roundabout with the B489.**

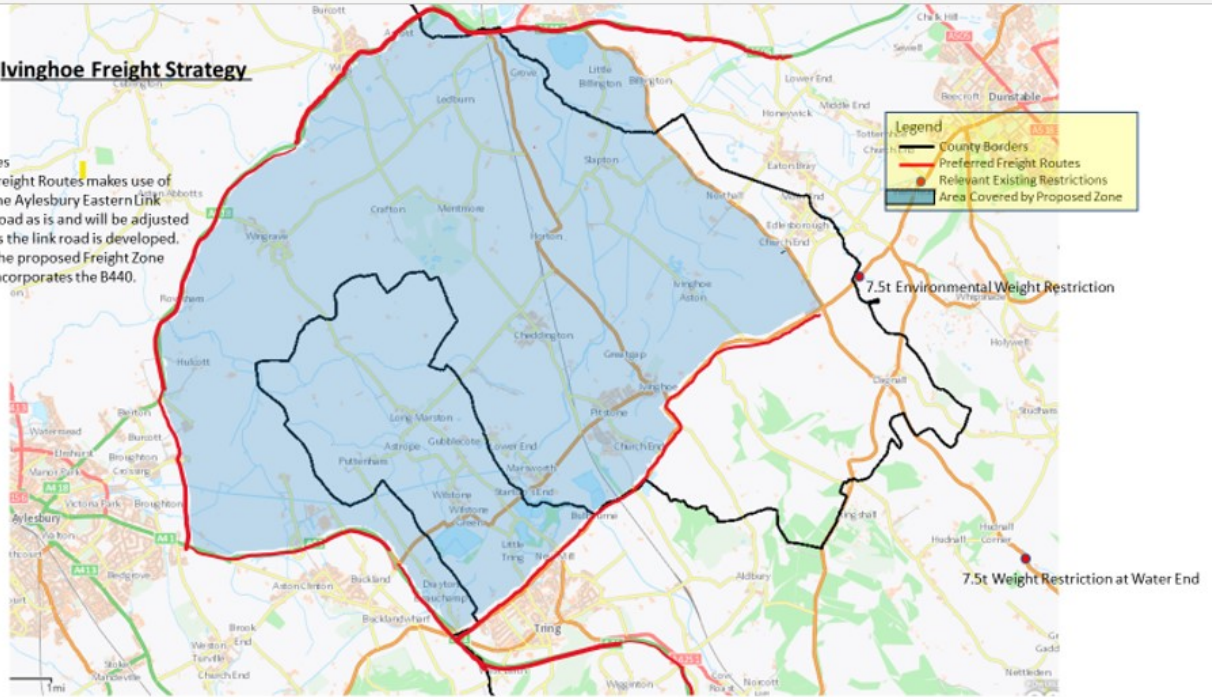

Can you please visit the consultation site and complete the survey giving the opportunity for continued crucial feedback.

Many thanks for your co-operation in this important consultation.

## Ivinghoe Freight Strategy

### Notes

- Freight Routes makes use of the Aylesbury Eastern Link Road as is and will be adjusted as the link road is developed.
- The proposed Freight Zone incorporates the B440.
